

Boca West Children's Foundation partners with Lamborghini to Surprise Children at the Fuller Center

By **Caris Weinberg** - April 2, 2026

BOCA RATON, FL, April 2, 2026 — Wednesday morning, Lamborghini Palm Beach partnered with Boca West Children's Foundation to surprise children at the Fuller Center West with a donation of colored pencils delivered in true Lamborghini fashion. Two Lamborghinis arrived at Fuller Center, with the colored pencils in the trunks, creating a memorable reveal.

After receiving the colored pencils and other supplies, the children were invited to design their own custom "license plates" on specially prepared coloring sheets. Lamborghini Palm Beach later plans to select one of the drawings to be turned into a custom license plate for a car in the dealership.

Christina Irving, Chief of Staff for Boca West Children's Foundation and an alumna of the Fuller Center, shared a personal connection to the event. She was surprised to see one of her former teachers, who still works at Fuller Center, participating in the ceremony.

Fuller Center West is just one of the many charities supported by Boca West Children's Foundation, which works to assist vulnerable children across Palm Beach County.
